Local Library Supports for English Programs

As students across the state of Texas learn English in school, parents also have opportunities to strengthen their English skills. While there are many free online apps, your local library may provide free access to extensive language programs. Check out the Library Technology website for a list of libraries (physical buildings and online) in your area to ask about free language programs available.

Adult Education and Literacy Services for Parents

Some schools or universities in Texas offer Adult ESL classes for parents of emergent bilingual students. Check with your child's school or district to see if classes are offered in your area, or visit our Adult Education and Literacy Provider page to locate classes near you.
